WASHINGTON, May 21 .- By a vote of 195 to 47 the House to-day passed over the President's veto the bill granting a pension of \$50 a month to Francis E. Hoover, late of the Twenty-third Indiana Regiment of Volunteers. A debate of two hours preceded the vote, Messrs. Kirkpatrick (Republican), of Kansas; Wood (Republican), of Illinois, and Willis (Republican), of Delaware, advocating the passage of the bill, and Messrs. All the Populists and Republicans generally voted for the bill and the Democrats against it. The following Republicans voted to sustain the veto: Messrs, Loud, of California Raney, of Missouri; Quigg and Wadsworth, of New York; and the following Demo-crats to pass the bill: Messrs. Cockrell, of Texas; Cummings, of New York; Lay-ton and Sorg, of Ohio, and Stokes, Strait, and Talbert, of South Carolina. The passage of the bill was advocated by Mesers, Phillips (Republican), of Penn-sylvania, and Low (Republican), of New York.

A resolution was agreed to directing the printing of 10,000 copies of the immigration bill passed yesterday. At 5:10 the House adjourned until to-

Provisions were not strong, having to contend with the weakening influence of a lower hog market. Early, however, they were assisted by the better feeling of the grain markets then prevailing, and were enabled to make a slight gain in value thereby. When wheat, corn, and outs took a declining course, product was left without support, and the early gain and more was lost. Sun's cotton report: Cotton declined 7 to 15 points, closing barsly steady, with sales of 158,000 bales.

To-day's features: The linch-pin was pulled out from the vehicle of speculation, and the cotton market came down with a hard joil, especially on this crop month, in which the selling was particularly heavy, notably in August. New Orleans was weak, Liverpool sold, and finally rains were reported in the Carolinas and Georgia—a fact which figures very largely in the day's fluctuations. Good rains were reported at Batesburg, Bennettsville, and Columbia. S. C., also at Fayetteville and other places in North Carolina, as well as at Rome, Ga. Vicksburg, Miss., and in other sections. The spot-cotton markets were quiet, and here the spot quotations were reduced. On the way down stop orders as usual were caught, and they cleared the way for a more rapid decline. Early in the day the next crop months were slightly blosse, owing to buying by prominent ball seats here. Liverpool was firmer as were moderate unbay arrivals were light, and the fact business as the seasons to need constant support; without it prices decline. Some of the leading bulls are supposed to have sold quite freely in the later business, and the South sent selling orders, owing to the rains in the Carolines. The speculation was larger than on any day for a week, but the expansion of business reported was due to love liquidation.

Justice Snodgrass Acquitted.

CHATTANOGGA, TENN., May 21.—Chief-Justice David L. Snodgrass was this morning acquitted of the charge of assault with a pistol with intent to kill John H. Beasley. The assault took place in the Times building December 25, 1855. Beasley was wounded in the left arm, and has lost the use of that member. The jury voted for acquittat on the first poil, and consequently there was no discussion or the merits of the case. There was no applause when Foreman Hizon aunounced the verdict, but Judge Snodgrass's friends crowded about him to congratulate him. The defendant sat for fifteen minutes listening to the further proceedings of the court, and then quietly withdrew. The pistol-carrying case against him was continued till next term.
